Conduit diameter	16 mm
Suitable for cable diameter	
Suitable for built-in installation box	Yes
Suitable for junction box	No
Suitable for cable box	No
Suitable for expansion ring	No
For tube diameter	16 mm
Number of conduit lead-ins	1
Dispatch	200

Attema has a complete range of flush-mounted boxes for hollow walls. Such as fire and smoke resistant flush-mounted boxes, radiation resistant boxes and various inserts, making the boxes also suitable for applications where high(er) demands are made on the air and sound tightness of the walls. Part of the range are hollow wall flush-mounted boxes that are suitable for mounting with different kind of cables, so that they can be used in pluggable installations in utility and residential construction. A good example of this is the Installation 2.0 concept, in which the installation time is greatly reduced and the chance of errors is reduced to a minimum.
