Universal data box

Universal Data Box IC-4

· Dimensions: 124 x 124 x 50 mm (LxWxH)
· Adapters of choice can be ordered separately.
· Break-out ports in the cover for various sizes of cable conduits.

Article no:	AT1871
EAN:	8712259268026
Halogen free	Yes
Colour	-
Amount Packaging	10 st.
Degree of protection (IP)	IP20
Type of fastening	Screwing
RAL-number	9001
Device width	
Device height	
Device depth	
Assembly arrangement	-
With dust cover	Yes
Outlet direction	Bottom
Number of modules (module system)	
With buses/couplings	No
Suitable for number of connectors	4
Shielded buses	No
Shielded housing	No
Category	Other
Flush-mounted installation	Yes
Connection type	Other
Type of connector	Other
Surface mounting	Yes
Duct installation	No
Floor box/sub-floor mounted	No
Separate earthing connection	No
With label space	No
Compatible with third-party covers	No
Separate strain relief	No
Mounting method shielding connection	None
With terminal resistor	Yes
Mechanical coding	No
Colour coding	No
Dispatch	10

The Universal Data Box is a polished solution for quick and easy expansion or new installation of data networks via a surface-mount system. Due to the attractive design, the universal data box is the ideal connection to raceways of various dimensions. The choice of brand and type of connector can be made at the last moment. A suitable adapter is available for brands from all network manufacturers. After installation, a special integrated dust cap ensures that no contaminants can enter the connector. The universal data box complies with the data installation standards ISO 11801 and NEN-EN 50173.
