

## Consolidation Box

### AK2 Data basic housing with screw lugs

- Each cable box includes 2 soft slide-in data lead-ins and 1 slide-in blind cover'.
- Specially designed for applications without mounting plate.
- Matching AK2-D lid and RJ45 adapters can be ordered separately.
- Suitable for cable trays from Van Geel, Stago, Niedax, Vergokan, PUK, OBO and Hager

| Dispatch                     | 50            |

The Consolidation Box from Attema makes it possible to install ICT cabling in a flexible manner, because the installation is divided into two steps. The largest portion of the work takes place during the rough construction, at the same time as the other cabling is installed in the building. As a result, you only have to install a small portion of the ICT cabling during the finishing phase. The Consolidation Box complies with the installation standards of EIA/TIA 568A/B, ISO 11801 and NEN-EN 50173.
