

Splice trays

Splitter cassette, 8 mm

- Special, loose, patented splitter tray including soft foam layer and cover for splitter area. Suited for storing different types and sizes of glass fibre splitters.
- The storage tray is fitted on both sides with a soft foam insert, keeping the sensitive splitters in their position under all circumstances.
- The cover for the splitter storage box simply clicks into the tray and can be easily dismantled using a small screwdriver.
- Dimensions of storage box for splitters: 60 x 18 x 4 mm
- To be applied in combination with universal splice trays. The splitter tray fits on the existing tray case. This enables to exchange or add parts in a given situation.

Article no:	AT29009
EAN:	8712259312521

Amount Packaging	30 st.
Mounting method	DIN (top hat) rail/combination-rail/C-rail
Height	
Width	
Length	
Suitable for	Crimp splice protection
With splice holder	No
Suitable for number of splice protections	
Suitable for number of splice holders	
Dispatch	32

By carefully monitoring market requirements, Attema has been able to develop an innovative glass fibre management system with splice trays. Its universal character is shown in particular by the simple snap-in attachment on a standard mounting rail, making it applicable for every housing. The capacity has been doubled cleverly, thus fitting 12 ANT splice protectors in a compact splice tray of only 4 mm high.
