

## Stekerbare kablozen RD

### AK2-RD C2-0, WCD

- Equipped with double wall socket.

|                              |                          |
|------------------------------|--------------------------|
| <b>Article no:</b>           | <b>AT3304</b>            |
| EAN:                         | 8712259361956            |
| Amount Packaging             | 1 st.                    |
| Number of Outlets            |                          |
| Rated insulation voltage Ui  | 690 V                    |
| Mounting method              | Wall-/ceiling mounting   |
| Degree of protection (IP)    | IP40                     |
| Material                     | Plastic                  |
| Width                        | 95 mm                    |
| Length                       | 120 mm                   |
| Diameter                     |                          |
| Halogen free                 | Yes                      |
| Colour                       | Grey                     |
| Surface protection           | Untreated                |
| Explosion-tested version     | No                       |
| For Ex-zone gas              | None                     |
| For Ex-Zone dust             | None                     |
| Operating temperature        | -40 - 70 °C              |
| Circuit integrity            | None                     |
| Depth                        | 95 mm                    |
| Cover model                  | Cover with socket outlet |
| Degree of protection (NEMA)  | -                        |
| Equipped with                | Mounting plate           |
| Shape                        | Rectangular              |
| Tackable                     | No                       |
| Number of inlets             | 10                       |
| For tube diameter            | Other                    |
| Max. conductor cross section | 6 mm <sup>2</sup>        |
| Mounting in the soil         | No                       |
| Mounting under water         | No                       |
| Inlet from the rear          | No                       |
| Type of housing feed-through | None                     |
| Transparent cover            | No                       |
| Cover attachment             | Snapped on               |
| Castable                     | No                       |
| With casting compound        | No                       |
| Sealable                     | No                       |
| With screening               | No                       |
| Weatherproof                 | No                       |

Installeren RD is een stekerbare installatiesysteem gebaseerd op voorbedrade centraaldozen of kablozen in combinatie met prefab gemonteerd schakelmateriaal en een stekerbare groepenkast. Deze onderdelen worden met soepele kabels met ronde connectoren aangesloten. De installatietijd wordt daardoor sterk bekort, en faalkosten worden tot een minimum beperkt. 100% Installeren is een samenwerkingsverband van Gira, Jung, PEHA, WAGO en Attema.
