Cable-mate® cableboxes for dry indoor use

AK2-S/GZ/WIK 3p, cover 2x3p Wieland

- · 3-pole input and output, including locks.
- · Cover with 2x3p chassis parts, including locks.
- · Pre-shaped plastic assembly bracket for quick click-assembly on all common cable ducts.
- Wiring: 2.5 mm²
- · Wiring: 2.5 mm²

EAN: 8712259302546 Specification Rated insulation voltage Ui 400 V Mounting method On cable tray Degree of protection (IP) IP20 Material Plastic Width 95 mm Length 215 mm Diameter Halogen free Yes Colour Grey Surface protection Untreated Explosion-tested version No For Ex-zone gas None Operating temperature -40 - 70 °C Circuit integrity None Depth 70 mm Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) - Equipped with Mounting plate Shape Rectangular Tackable No Nome Mounting in the soil No Mounting in the soil No Mounting under water No Inlet from the rear Type of housing feed-through Preembossing Transparent cover Cover attachment Snapped on Castable No With casting compound No Weatherproof No	Article no:	AT4621

Explosion-tested version No For Ex-zone gas None For Ex-Zone dust None Operating temperature -40 - 70 °C Circuit integrity None Depth 70 mm Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) - Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Colour	Grey
For Ex-zone gas For Ex-Zone dust None Operating temperature Operation Operat	Surface protection	Untreated
For Ex-Zone dust Operating temperature -40 - 70 °C Circuit integrity None Depth 70 mm Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section Mounting in the soil Mounting under water Inlet from the rear Type of housing feed-through Transparent cover Cover attachment Castable No With casting compound No With screening No With screening No No Sealable No With screening No No No Sealable No With screening No No Sealable No With screening	Explosion-tested version	No
Operating temperature Circuit integrity None Depth 70 mm Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter Max. conductor cross section Mounting in the soil Mounting under water Inlet from the rear Type of housing feed-through Transparent cover Cover attachment Castable No With casting compound No With screening No No Sealable No With screening	For Ex-zone gas	None
Circuit integrity Depth 70 mm Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section Mounting in the soil No Mounting under water Inlet from the rear Type of housing feed-through Transparent cover Cover attachment Castable No With casting compound No With screening No With screening Suitable for snap-in connector (manufacturer specific) A mm2 Advantage Rectangular Advantage Rect	For Ex-Zone dust	None
Depth 70 mm Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) - Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Operating temperature	-40 - 70 °C
Cover model Suitable for snap-in connector (manufacturer specific) Degree of protection (NEMA) Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water Inlet from the rear Type of housing feed-through Transparent cover Cover attachment Castable No With casting compound No With screening No With screening No	Circuit integrity	None
specific) Degree of protection (NEMA) Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Depth	70 mm
Equipped with Mounting plate Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Cover model	
Shape Rectangular Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Degree of protection (NEMA)	-
Tackable No Number of inlets 4 For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Equipped with	Mounting plate
Number of inlets For tube diameter - Max. conductor cross section Mounting in the soil Mounting under water Inlet from the rear Type of housing feed-through Transparent cover Cover attachment Castable With casting compound Sealable No With screening A mm² No No No No No No Sealable No No No No No No No No No N	Shape	Rectangular
For tube diameter - Max. conductor cross section 4 mm² Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Tackable	No
Max. conductor cross section4 mm²Mounting in the soilNoMounting under waterNoInlet from the rearYesType of housing feed-throughPreembossingTransparent coverNoCover attachmentSnapped onCastableNoWith casting compoundNoSealableNoWith screeningNo	Number of inlets	4
Mounting in the soil No Mounting under water No Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	For tube diameter	-
Mounting under water Inlet from the rear Type of housing feed-through Transparent cover Cover attachment Castable With casting compound Sealable No With screening No No No No No No No No No N	Max. conductor cross section	4 mm²
Inlet from the rear Yes Type of housing feed-through Preembossing Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Mounting in the soil	No
Type of housing feed-through Transparent cover Cover attachment Castable No With casting compound Sealable No With screening No	Mounting under water	No
Transparent cover No Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Inlet from the rear	Yes
Cover attachment Snapped on Castable No With casting compound No Sealable No With screening No	Type of housing feed-through	Preembossing
Castable No With casting compound No Sealable No With screening No	Transparent cover	No
With casting compound No Sealable No With screening No	Cover attachment	Snapped on
Sealable No With screening No	Castable	No
With screening No	With casting compound	No
•	Sealable	No
Weatherproof No	With screening	No
	Weatherproof	No

Product data sheet

Cable-mate® is the innovative, award-winning cable box system that excels in terms of time savings and ease of installation. There is a wide selection of versatile cover material that can be attached to the cable box easily, without screws. The completely renovated raceway click attachment system makes rapid installation possible on all common raceways.
