Attema Cable ducts Z25 and KK are available in sizes ranging from small to large. They are suitable for the well-organized installation of cables, for guiding power cables or for the supply of power to high-quality computer equipment. The cable ducts have a nail hole and a well-designed pre-punched hole pattern for quick, precise positioning of the raceway(s). Installation or modification can be done in the blink of an eye thanks to the cleverly-made parts for securing cables. All the raceways feature solid cover attachment and are available in a range of colours.
