Distribution boxes with earth leakage switches and circuit breakers

NXT M-23/23/00-T/H2 groepenkast

EAN: 8712259534091 Width 220 mm Height 390 mm Number of groups (blue) 3 Number of groups (grey) 3 Number of earth fault switches 2P 2 Phases 1-phase wired Groups 6 Bell transformer 1 Main switch 40 A Rated current 40 A Quantity and type of FI/LS switch Mounting method Surface mounted (plaster) Degree of protection (IP) IP20 Width in number of modular spacings 24 Depth 110 mm Extension possible Yes Housing material Plastic Number of phases 1 Lockable Yes Over voltage protection No Number of earth leakage switches 300 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Total number of groups 6 Number of groups behind earth leakage Switch Number of earth leakage circuit breakers Number of earth leakage circuit breakers Number of groups behind earth leakage Switch Number of earth leakage circuit breakers Number of earth leakage circuit breakers Number of arc fault detection devices AFDD
Height 390 mm Number of groups (blue) 3 Number of groups (grey) 3 Number of earth fault switches 2P 2 Phases 1-phase wired Groups 6 Bell transformer 1 Main switch 40 A Rated current 40 A Quantity and type of FI/LS switch Mounting method Surface mounted (plaster) Degree of protection (IP) IP20 Width in number of modular spacings 24 Depth 110 mm Extension possible Yes Housing material Plastic Number of phases 1 Lockable Yes Over voltage protection No Number of earth leakage switches 300 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Number of groups 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of groups (blue) Number of groups (grey) Number of earth fault switches 2P Phases 1-phase wired Groups 6 Bell transformer 1 Main switch Acted current Quantity and type of FI/LS switch Mounting method Degree of protection (IP) Width in number of modular spacings Pepth 110 mm Extension possible Yes Housing material Number of phases 1 Lockable Over voltage protection Number of earth leakage switches 300 mA With transparent cover Protection Total number of groups Number of gioups Number of gioups Number of gioups Number of gioups Number of groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of groups (grey) Number of earth fault switches 2P Phases 1-phase wired Groups 6 Bell transformer 1 Main switch Rated current Quantity and type of FI/LS switch Mounting method Degree of protection (IP) Width in number of modular spacings Depth Extension possible Housing material Number of phases Lockable Over voltage protection No Number of earth leakage switches 300 mA With transparent cover No Protection Miniature-/ earth leakage circuit breakers Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of earth fault switches 2P 2 Phases 1-phase wired Groups 6 Bell transformer 1 Main switch 40 A Rated current 40 A Quantity and type of FI/LS switch Mounting method Surface mounted (plaster) Degree of protection (IP) IP20 Width in number of modular spacings 24 Depth 110 mm Extension possible Yes Housing material Plastic Number of phases 1 Lockable Yes Over voltage protection No Number of earth leakage switches 30 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Total number of groups 6 Number of groups behind earth leakage switch Number of groups behind earth leakage switch Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Phases 1-phase wired Groups 6 Bell transformer 1 Main switch 40 A Rated current 40 A Quantity and type of FI/LS switch Mounting method Surface mounted (plaster) Degree of protection (IP) IP20 Width in number of modular spacings 24 Depth 110 mm Extension possible Yes Housing material Plastic Number of phases 1 Lockable Yes Over voltage protection No Number of earth leakage switches 30 mA 2 Number of earth leakage switches 300 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Total number of groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Groups 6 Bell transformer 1 Main switch 40 A Rated current 40 A Quantity and type of FI/LS switch Mounting method Surface mounted (plaster) Degree of protection (IP) IP20 Width in number of modular spacings 24 Depth 110 mm Extension possible Yes Housing material Plastic Number of phases 1 Lockable Yes Over voltage protection No Number of earth leakage switches 30 mA 2 Number of earth leakage switches 300 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Total number of groups Number of light groups 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Bell transformer Main switch Rated current Quantity and type of FI/LS switch Mounting method Degree of protection (IP) Width in number of modular spacings Depth Extension possible Housing material Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA With transparent cover Protection No Number of groups Number of light groups Number of earth leakage circuit breakers Number of earth leakage circuit breakers Number of earth leakage circuit breakers
Main switch Rated current Quantity and type of FI/LS switch Mounting method Degree of protection (IP) Width in number of modular spacings Depth 110 mm Extension possible Housing material Number of phases 1 Lockable Ves Over voltage protection Number of earth leakage switches 30 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Number of groups Number of groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Rated current Quantity and type of FI/LS switch Mounting method Degree of protection (IP) Width in number of modular spacings Depth 110 mm Extension possible Yes Housing material Number of phases 1 Lockable Ves Over voltage protection No Number of earth leakage switches 30 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Quantity and type of FI/LS switch Mounting method Degree of protection (IP) Width in number of modular spacings Depth Extension possible Housing material Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA With transparent cover Protection Mo Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Mounting method Degree of protection (IP) Width in number of modular spacings Depth Extension possible Housing material Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA With transparent cover Protection No Number of groups Number of light groups Number of garth leakage circuit breakers Number of earth leakage circuit breakers Mumber of groups behind earth leakage Surface mounted (plaster) IP20 Surface mounted (plaster) IP20 IP20 IP20 IP20 IP30 IP40 No Plastic No No No No No No No No Protection Miniature- / earth leakage circuit breaker Total number of groups Number of light groups Number of learth leakage Switch Number of earth leakage circuit breakers
Degree of protection (IP) Width in number of modular spacings 24 Depth 110 mm Extension possible Yes Housing material Number of phases 1 Lockable Over voltage protection Number of earth leakage switches 30 mA With transparent cover No Protection No Number of groups Number of direct groups Number of light groups Number of garth leakage circuit breakers 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Width in number of modular spacings Depth 110 mm Extension possible Housing material Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of light groups Number of groups behind earth leakage Switch Number of earth leakage circuit breakers
Depth 110 mm Extension possible Yes Housing material Plastic Number of phases 1 Lockable Yes Over voltage protection No Number of earth leakage switches 30 mA 2 Number of earth leakage switches 300 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Total number of groups 6 Number of direct groups Number of light groups 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Extension possible Housing material Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection Protection Miniature- / earth leakage circuit breaker Total number of groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Housing material Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection No Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of phases Lockable Over voltage protection Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection No Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Lockable Over voltage protection No Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Over voltage protection No Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover No Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of earth leakage switches 300 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Protection Miniature- / earth leakage circuit breaker Total number of groups 6 Number of direct groups Number of light groups 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Total number of groups 6 Number of direct groups Number of light groups 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of direct groups Number of light groups 6 Number of groups behind earth leakage 6 switch Number of earth leakage circuit breakers
Number of light groups 6 Number of groups behind earth leakage switch Number of earth leakage circuit breakers
Number of groups behind earth leakage 6 switch Number of earth leakage circuit breakers
switch Number of earth leakage circuit breakers
-
Number of arc fault detection devices AFDD
Protection main switch No
Number of poles main switch 2
Main switch rated current 40 A
Protection incoming RCD No
Protection high integrity No
Protection split load No
Protection dual RCD No
Number of outgoing ways 18
Suitable for data No
Cooker group None
Cooker group suitable as power current group No
With socket outlet No

With bell transformer	Yes
Type of over voltage protection device	-
With meter	No
Built-in depth	55 mm

The new generation of Click-mate NXT distribution boxes is available in various editions: The compact S distribution cabinet with 12 modules, the familiar M distribution cabinet with space for 2 x 12 modules and the innovative L distribution cabinet with 2 x 18 modules; the solution for the energy transition and extensive 3-phase installations. The distribution boxes are also completely modular and can easily be installed next to or underneath each other. The distribution boxes in the extensive range are equipped with earth leakage circuit breakers (2P, 40A, 30mA) and circuit breakers (1P+N, 16A, B-characteristic) and are optionally available with a stove group and/or bell transformer.
