Protection high integrity  Protection split load  Protection dual RCD  No  Number of outgoing ways  Suitable for data  Cooker group  No  No  No  None	Main switch rated current	40 A
Protection split load No Protection dual RCD No Number of outgoing ways 18 Suitable for data No Cooker group None	Protection incoming RCD	No
Protection dual RCD No Number of outgoing ways 18 Suitable for data No Cooker group None	Protection high integrity	No
Number of outgoing ways18Suitable for dataNoCooker groupNone	Protection split load	No
Suitable for data  No  Cooker group  None	Protection dual RCD	No
Cooker group None	Number of outgoing ways	18
	Suitable for data	No
Cooker group suitable as power current group No	Cooker group	None
	Cooker group suitable as power current group	No
With socket outlet No	With socket outlet	No

With bell transformer	No
Type of over voltage protection device	-
With meter	No
Built-in depth	55 mm

The new generation of Click-mate NXT distribution boxes is available in various editions: The compact S distribution cabinet with 12 modules, the familiar M distribution cabinet with space for 2 x 12 modules and the innovative L distribution cabinet with 2 x 18 modules; the solution for the energy transition and extensive 3-phase installations. The distribution boxes are also completely modular and can easily be installed next to or underneath each other. The distribution boxes in the extensive range are equipped with earth leakage circuit breakers (2P, 40A, 30mA) and circuit breakers (1P+N, 16A, B-characteristic) and are optionally available with a stove group and/or bell transformer.
