Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch Number of poles main switch Number of poles main switch Au Main switch rated current No		Yes
Number of earth leakage switches 30 mA Number of earth leakage switches 300 mA With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups Number of direct groups Number of light groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch Number of poles main switch Number of poles main switch Au Main switch rated current No	Over voltage protection	No
With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups 10 Number of direct groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch Number of poles main switch Namber of poles main switch Main switch rated current No Miniature- / earth leakage circuit breaker 10 No Number of groups behind earth leakage 10 No No No No No No No No No N		3
With transparent cover Protection Miniature- / earth leakage circuit breaker Total number of groups 10 Number of direct groups Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch Number of poles main switch Namber of poles main switch Main switch rated current No Miniature- / earth leakage circuit breaker 10 No Number of groups behind earth leakage 10 No No No No No No No No No N	Number of earth leakage switches 300 mA	
Protection Miniature- / earth leakage circuit breaker Total number of groups 10 Number of direct groups Number of light groups 9 Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch No Number of poles main switch 4 Main switch rated current 40 A		No
Total number of groups Number of direct groups Number of light groups 9 Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch Number of poles main switch 4 Main switch rated current 10 No 4 Main switch rated current 40 A	Protection	Miniature- / earth leakage circuit breaker
Number of direct groups Number of light groups 9 Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch No Number of poles main switch 4 Main switch rated current 40 A	Total number of groups	
Number of groups behind earth leakage switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch Number of poles main switch Main switch rated current 10 No No 4	Number of direct groups	
switch Number of earth leakage circuit breakers Number of arc fault detection devices AFDD Protection main switch No Number of poles main switch Main switch rated current 40 A	Number of light groups	9
Number of arc fault detection devices AFDD Protection main switch No Number of poles main switch 4 Main switch rated current 40 A	5 .	10
Protection main switch No Number of poles main switch 4 Main switch rated current 40 A	Number of earth leakage circuit breakers	
Number of poles main switch 4 Main switch rated current 40 A	Number of arc fault detection devices AFDD	
Main switch rated current 40 A	Protection main switch	No
	Number of poles main switch	4
Protection incoming RCD	Main switch rated current	40 A
No No	Protection incoming RCD	No
Protection high integrity No	Protection high integrity	No
Protection split load No	Protection split load	No
Protection dual RCD No	Protection dual RCD	No
Number of outgoing ways 28	Number of outgoing ways	28
Suitable for data No	Suitable for data	No
Cooker group Single phase	Cooker group	

Cooker group suitable as power current group	No
With socket outlet	No
With bell transformer	Yes
Type of over voltage protection device	-
With meter	No
Built-in depth	55 mm

The new generation of Click-mate NXT distribution boxes is available in various editions: The compact S distribution cabinet with 12 modules, the familiar M distribution cabinet with space for 2 x 12 modules and the innovative L distribution cabinet with 2 x 18 modules; the solution for the energy transition and extensive 3-phase installations. The distribution boxes are also completely modular and can easily be installed next to or underneath each other. The distribution boxes in the extensive range are equipped with earth leakage circuit breakers (2P, 40A, 30mA) and circuit breakers (1P+N, 16A, B-characteristic) and are optionally available with a stove group and/or bell transformer.
